**NUMBER:**                **1050**

**1050.10**                The District Manager will pursue a “Service Abatement Contract” policy with property owners, when, as determined by the District, all reasonable control and corrective measures have been exhausted, or that, in the opinion of the Board of Trustees, there are excessive costs to the District due to repetitive efforts to prevent or eliminate mosquito production.

**1050.20**                If found advisable to carry out this policy, the Board of Trustees authorizes the Manager to negotiate contracts on behalf of the District.

## **POLICIES AND PROCEDURES**

**TITLE:** Consumer Price Index for Salary Adjustments

**NUMBER:** 1060

**1060.10** The Bureau of Labor Statistics (BLS) is the principal fact-finding agency for Special Districts and the Federal Government in the broad field of labor economics and statistics. BLS is an independent national statistical agency that collects, processes, analyzes, and disseminates essential statistical data to the American public, Congress, other Federal agencies, State and local governments, business, and labor. BLS also serves as a statistical resource to the Department of Labor.

**1060.20** The Consumer Price Index (CPI) measures the average change over time in the prices paid by urban consumers for a representative market basket of consumer goods and services. User fees (such as for water) and sales and excise taxes paid by the consumer are included; however, income taxes and investments (like stocks and life insurance) are not included.

**1060.30** The CPI-U includes expenditures by urban wage earners and clerical workers, professional, managerial, and technical workers, the self-employed, short-term workers, the unemployed, retirees and others not in the labor force. The CPI-W includes only expenditures by those in hourly wage earnings or clerical jobs.

The Manager or Finance Director accesses the Consumer Price Index by either phoning the Hotline (415) 625-2270 or utilizing the website ([www.bls.gov/cpi](http://www.bls.gov/cpi)) in January or February and requests the CPI-U for San Francisco, Oakland, San Jose, "All Urban Consumers." The BLS collates this data as the monthly index, for U.S. city average in the 3 largest metropolitan areas, 4 geographic regions, 3 population size classes, and 10 region-by-size class groupings. At the end of the calendar year, the following formula shall be used to determine the overall CPI for the calendar year. Employee cost of living changes for the purposes of salary negotiations shall be based on this formula.

The CPI Formula:

$$\frac{\text{December CPI Current Year} - \text{December CPI Previous Year}}{\text{December CPI Previous Year}} \times 100 = \text{CPI}$$

**Issued:** July 10, 2002  
**Reviewed:** April 15, 2008

## **POLICIES AND PROCEDURES**

**TITLE:** Claims Procedures

**NUMBER:** 1110

**1110.10** The purpose of this policy is to provide the public, District staff and Board of Trustees guidelines on how property damage claims are to be handled.

**1110.20** When an individual first notifies District staff – in person, by telephone, or in writing – that damage has been done, or is being done to their property, and describing a set of circumstances or facts as to how the District is responsible, the person receiving the information will do the following:

**1110.21** Record the time and date of telephone calls or office visits, and takes notes as to the information provided by the plaintiff on the phone or in the office.

**1110.22** Do not discuss guilt or innocence or make any admissions that would implicate the District – staff should respond to questions, be cordial, but refrain from commenting on liability questions.

**1110.23** Ask the plaintiff to fill out a Vector Control Joint Powers Agency Claim Form B – Appendix 1110-B – that should always be available on request. The staff person should not assist in filling out the claim form. When completed and filed with the District, the claim form will be date stamped and a copy forwarded to the Litigation Manager at Bickmore Risk Services (VCJPA).

**1110.231** If an individual sends a letter or written request that appears to be a claim, a letter in response should be sent which asks for clarification and includes a claim form with a request that it be filled out if the individual wishes to file a claim. If the claim was received by mail, the envelope should be kept and forwarded to Bickmore Risk Services (VCJPA) as well, so that the date of mailing can be preserved.

**1110.24** Submit the claim information to the Manager, who will have the claim forwarded for review as soon as possible to the Litigation Manager at Bickmore Risk Services.

**1110.30** Investigation of a potential claim by the VCJPA's Litigation Manager should be done as soon as possible after it is filed. The District has the authority to settle small

---

property damage claims on the spot if in the opinion of the District there is no question as to liability and a settlement is warranted. In this situation, the District will make the claimant fill out a release of liability (Appendix 1110-U).

**1110.31** Board members may go with staff to observe the status of the claim and the investigation thereof. However, they will not perform independent investigation of claims handled by the VCJPA.

**1110.32** Claims for personal injury/wrongful death should not be investigated by District staff but should, instead, be immediately forwarded to the VCJPA.

**1110.33** All claim forms are forwarded to the Vector Control Joint Powers Agency (VCJPA) but claims in excess of the District's insurance deductible should be expedited to the VCJPA.

**1110.34** Claim research should include photos, interviews, use of outside experts if appropriate, etc.

**1110.40** Claims determined by the Vector Control Joint Powers Agency (VCJPA) to be justified – either because there is evidence that the District is responsible, or because allowance of the claim would be more cost effective than attempting to prove that the District was not responsible – should be resolved in the most direct and efficient manner possible.

**1110.41** If the claim is considered justified by the VCJPA and the repair work is minor, a work order should be prepared and the work performed as soon as possible.

**1110.411** Photos of the repair work should be taken when completed – “before” and “after” pictures to be placed in the claim file.

**1110.412** A signed release form – Appendix 1110-U – should be obtained from the plaintiff when the work is completed.

**1110.50** Claims where the District's responsibility is questionable should be referred to the VCJPA. The VCJPA will provide current information on the status of the claim to the Board of Trustees. The current “Handbook on Claims Procedures and Lawsuits Against Public Entities” prepared for the VCJPA by Bickmore Risk Services is available for a more detailed explanation of procedures on processing claims.

**1110.51** The Board of Trustees, in closed session, may review the information from the investigation, ask questions, and make requests for additional information.

**1110.52** The Board will consider the claim in closed session and will vote to accept or reject the claim. The Board will not accept a claim in an amount in excess of the District's insurance deductible without prior written approval of the VCJPA.

**1110.60** The District's decision on how the claim is going to be handled will be communicated with the plaintiff as soon as is practicable.

## **POLICIES AND PROCEDURES**

**TITLE:** Employee Cell Phone Usage

**NUMBER:** 2040

### **2040.10 SCOPE**

**2040.11** This policy applies to all operators of District-provided vehicles and all employee-provided vehicles operating for approved District business. It applies to all electronic devices carried inside a vehicle, regardless if the electronic device is company-provided or employee-provided.

**2040.12** Safety is the first priority while driving. Employees should comply with all District safety policies, including wearing safety belts, following all posted signs and speed limits, avoiding distractions outside and inside the vehicle, and taking sufficient breaks when driving for extended periods of time.

### **2040.20 POLICY STATEMENT**

**2040.21** The San Mateo Mosquito and Vector Control District recognizes that electronic devices such as cellular telephones, pagers, digital assistants, laptops, and other electronic communication devices provide benefits of improving public safety and increased employee productivity. A driver's first responsibility is the safe operation of the vehicle and best practice is to not use electronic devices, including cellular phones, while driving.

**2040.22** When on the road, drivers shall concentrate on safe and defensive driving and not on making or receiving phone calls, delivery of faxes, using computers, navigation systems, or other distracting influences. Such devices must only be used when the vehicle is not in motion. Only a "hands-free" unit is to be utilized while the vehicle is in motion.

**2040.23** The driver must, at all times, comply with all local, state, and federal laws in using such devices. Effective July 1, 2008 California Vehicle Code 23123 prohibits all drivers from using a handheld wireless telephone while operating a motor vehicle.

**2040.231** Laptop computers must have their screens in the down position while the vehicle is in motion.

---

**2040.30 CELL PHONE GUIDELINES**

**2040.31 Hand-Held Phones**

**2040.311** If you receive a call on a hand-held cell phone, you are not allowed to answer the call while the vehicle is in motion. Allow call to go to voice mail, safely and legally park your vehicle and return the call.

**2040.32 Hands-Free Phones**

**2040.321** Employees who use hands-free telephones must keep conversations brief while driving, and must stop the vehicle and park in a proper parking area if the conversation becomes emotional, stressful or involved, traffic is heavy, or if weather and/or road conditions are poor.

**2040.34 Special Situations**

**2040.341** Employees who are faced with an emergency, such as a traffic accident or car trouble, may find it necessary to make a phone call while driving.

**2040.342** District cell phones are for business use only and cannot be taken home overnight unless authorized by an immediate supervisor or the District Manager.

**2040.35 Discipline**

**2040.351** Employees who are found to have violated this policy may be subject to disciplinary action, which may include termination from employment.

**TITLE:** **Guidelines for Accepting and Providing Gifts**

**NUMBER:** **2060**

**2060.10** An employee, trustee or spouse/domestic partner may not accept from, or provide to, individuals or companies doing or seeking to do business with the District, gifts, entertainment, and/or services or benefits unless the transaction meets the following guidelines:

**2060.101** Is customary and gives no appearance of impropriety and does not have more than a nominal value as defined by the Conflict-of-Interest Provisions under the Political Reform Act of 1974, Government Code § 87100.

**2060.1011** Gifts aggregating \$50 or more must be disclosed on a Fair Political Practices Commission Conflict of Interest Form 700.

**2060.1012** No District Trustee or staff member may accept any gift or gifts from a single source aggregating in excess of \$360.

**2060.102** Does not impose any sense of obligation on either the giver or the receiver.

**2060.103** Does not result in any kind of special or favored treatment.

**2060.104** Cannot be viewed as extravagant, excessive, or too frequent considering all the circumstances including the ability of the recipient to reciprocate at District expense.

## **POLICIES AND PROCEDURES**

**TITLE:** Family Care and Medical Leave

**NUMBER:** 2070

**2070.10** The purpose of this policy is to consider the administration of the Family and Medical Leave in accordance with the State Family Care and Medical Leave Act and the Federal Family and Medical Leave Act of 1993.

**2070.20** Because the District has less than fifty employees, however, no District employee is eligible to take the 12 weeks of unpaid FMLA/CFRA leave, and the District's obligations become limited to posting a notice of legal rights under the FMLA/CFRA on the employee bulletin board.

**2070.30** If the District staff increases to over fifty employees the following requirements must be met to be eligible for FMLA/CFRA leave:

The employee must have been employed with the District for a total of 12 months;

The employee must have worked at least 1250 hours worked during the 12-month period immediately preceding the start of any FMLA/CFRA leave;

The employee must work at a site that has at least 50 employees within a 75-mile radius.

The size of the District's labor force automatically disqualifies any District employee from taking FMLA/CFRA leave.

---

**2070.40** The District already provides leave for the various situations that the FMLA and CFRA address.

**2070.41** Policies and Procedures Employee Manual Number 5040 (Medical Leave of Absence), is available for an employee with a “personal illness or personal injury, including a pregnancy related disability.” The employee may be granted up to six months of unpaid leave – approximately twice the leave available under FMLA/CFRA for the employee’s own “serious health condition.”

**2070.42** Also, where an employee’s immediate family member has an “illness” (which is less severe than the FMLA/CFRA definition of a “serious health condition”), California Labor Code section 233 compels the District to allow that employee to utilize up to half their annual leave to care for a spouse or domestic partner, minor child or the employee’s parents. Policies and Procedures Employee Manual Number 5100.121 (Sick or Accident Leave) further allows the use of paid leave for an employee to attend to a sick family member, including siblings, grandparents and parents-in-law.

**2070.50** The only situation addressed by the FMLA/CFRA but not the District’s existing policy is leave to bond with a newborn baby or newly adopted child. The employee is free to use vacation leave or compensatory time off for such a purpose. The District will also take a case-by-case approach, giving the District Manager the discretion to grant unpaid leave for either the father or mother to care for a newborn.

## **2180.60      Evaluation and Abatement of Hazards**

### **a. Evaluation of Identified Hazards**

The District Manager and/or District Safety Officer reviews inspection reports, hazard assessment reports, vehicle accident reports, accident and incident reports, and Workers' Compensation claims reported. While not relieving the District of responsibility for employee safety, the District Manager and/or District Safety Officer may consult with department management to determine if effective corrective action/investigation has been initiated to correct or improve identified exposures, work methods, operational procedures, or equipment, which may present a safety hazard or exposure.

### **b. Abatement of Hazards**

The District will correct identified safety hazards in a timely manner. Regulatory requirements demand a serious hazard<sup>1</sup> must be abated immediately and employees are to be kept clear of the hazard. A non-serious hazard may be abated within a reasonable period.

When corrective action for a non-serious hazard will involve multiple steps, or cannot be completed promptly, an action plan must be developed and reviewed with the District Manager and/or District Safety Officer. This action plan will outline the steps to be taken, the order in which each step will be taken, and when each step will be carried out.

The action plan will also describe the methods that will be used to protect employees from the hazard until the proper corrective actions are completed. Employees are not to enter an imminent hazard area without specific approval of the District Manager and/or the District Safety Officer. Employees assigned to perform work necessary to correct the imminent hazard will be properly trained, equipped, supervised, and provided necessary safeguards including personal protective equipment.

#### **2180.70      Accident Investigation**

- a. The District shall investigate all work-related accidents in a timely manner. Reported minor accidents and near misses shall be investigated as well as serious incidents. A near miss is an incident, which, although not serious in itself, could have resulted in a serious injury or significant property damage. Investigation of these instances may avoid serious accidents in the future. (See Report of Unsafe Condition or Hazard and Occupational Accident, Injury, and Illness Investigation Report.)
- b. The Supervisor or person designated by the District Manager shall be responsible for accident investigation.
- c. Each investigation shall be done promptly and involve, but not be limited to:
  1. Identify all parties involved;
  2. A thorough gathering of all relevant facts and evidence;
  3. Identification of the cause of the accident;
  4. Identification of the procedure to prevent reoccurrence of such an accident;
  5. Implementation of such procedure; and
  6. If the investigation is done by the Supervisor or person designated by the District Manager, a written report is to be submitted to the District Manager regarding items (1) through (5) above. The District Manager may, at his or her discretion, submit

## **POLICIES AND PROCEDURES**

**TITLE:**                    **Disability Accommodations**

**NUMBER:**                **2190**

**2190.10**                The purpose of this policy is to provide reasonable accommodations for qualifying disabled employees as defined by the Americans With Disabilities Act (ADA) and the California Fair Employment and Housing Act. If an employee needs accommodations, the employee is responsible for notifying your supervisor, or the District's workers' compensation administrator (Manager, Finance Administrator), of their needs.

**2190.20**                There may be many types of accommodations that can be reasonably made to help the employee perform the essential functions of the job in the event the employee is disabled. Reasonable accommodations will be determined on a case-by-case basis.

**2190.30**                The District will determine if the employee is a qualified disabled employee under the ADA and FEHA guidelines, verify his/her restrictions (in consultation with their medical provider), assess the impact of the disability on the essential functions of the current job, and determine the reasonableness of any accommodation the employee seeks in light of any budgetary constraints or other business reasons.

**2190.40**                Because of its size, however, the District does not have any permanent, light duty assignments available, but the employee will be offered any vacant District positions for which they are qualified and can perform the essential duties thereof, with or without reasonable accommodation. The employee may also be entitled to a disability leave of absence, pursuant to Policies and Procedures Employee Manual, Section 5050, if the disability is work-related. In the event that the employee cannot perform the essential functions of the job, with or without reasonable accommodation, the employee may be eligible for a disability retirement through the San Mateo County Employees Retirement Association.

**2190.50**                In accordance with Section 2000 of the Policies and Procedures Employee Manual (Equal Employment Opportunities), the employee may file a written complaint to his/her supervisor or the District Manager if they believe that they have been subjected to any form of unlawful discrimination or harassment on the basis of their disability.

**2200.405** The District's policy against sexual harassment in the workplace may be found at Policies and Procedures Employee Manual number 800 and following.

**2200.50** All harassing behavior is considered misconduct and may subject an employee to disciplinary action including immediate discharge from service.

If this informal step is ineffective, notify and report the facts of the incident (s) and the names of the individuals (s) involved to his/her supervisor or the District Manager, or in the event the complaint involves the Manager, the employee shall report the incident (s) directly to the Board of Trustees.

**2200.601** Employees shall report to their supervisor or the District Manager any instances of discrimination or discriminatory harassment that they have directly observed, whether or not reported by the employee who is the object of the discrimination or discriminatory harassment.

**2200.602** The District will make every effort to handle complaints in a confidential manner except as is necessary to conduct an investigation. All employees are expected to cooperate with any authorized investigation into discrimination or discriminatory harassment.

**2200.603** Any employee who makes a report or complaint which the employee knows or should know is false, under this policy, shall be subject to disciplinary action, up to and including termination.

## POLICIES AND PROCEDURES

**TITLE:** Minor Use Pesticides

**NUMBER:** 3070

**3070.10** The District recognizes Environmental Protection Agency (EPA) standards in distinguishing between minor use pesticides for public health requirements and those pesticides used to meet agricultural requirements.

**3070.20** The District supports legislation that accelerates the registration process of minor-use pesticides.

**3070.30** Minor-use pesticides used by the District include, but are not limited to, the following:

**3070.301** **Methoprene** A synthetic hormone that disrupts the transformation of larvae into adults. This hormone occurs only in mosquitoes and does not affect birds, fish, mammals, amphibians or other species of aquatic invertebrates.

**3070.302** ***Bacillus thuringiensis israelensis* (Bti)** A bacterium that kills larval mosquitoes by poking holes in their digestive tract. Bacteria in this group occur naturally in nearly all-aquatic environments. The bacterium strain (Bti) used is specific to mosquitoes and black flies, and does not affect other organisms.

**3070.303** ***Bacillus sphaericus* (Bs)** A bacterium that kills larval mosquitoes by poking holes in their digestive tract. Unlike, Bti, Bs has shown some environmental persistence (2-4 weeks), and the ability to recycle (re-grow and reproduce) itself in the environment. The bacterium strain (Bs) is specific to only mosquitoes and does not affect other organisms.

**3070.304** **Golden Bear Oil (GB1111)** A highly refined petroleum distillate that forms a thin film on the top of the water and kills larvae through suffocation. It breaks down rapidly in the environment (within 24-48 hours) and is used for temporary control of mosquito pupae when other forms of control fail.

---

**3070.305 Agnique.** A trade name of a surface film derived from plant materials. This product disrupts the surface tension of standing water and prevents larvae from attaching to the surface to obtain air.

**3070.306 Pyrenone.** A synthetic pyrethroid used to kill adult mosquitoes. This product breaks down rapidly in the environment and is used for temporary control of adult mosquitoes when other forms of larval control fail.

**3090.15**       In exigent circumstances, such as where a serious public health threat constitutes an emergency situation requiring swift action to prevent imminent danger to life or serious damage to property and there is insufficient time to obtain a warrant, technicians may enter the legally protected areas of a property if no resident is available by telephone or at the residence to provide consent. All property owners shall receive notification of findings from a vector control operation carried out on their property.

The Board prefers a flexible form of meeting and, therefore, does not conduct its regular meetings under regimented formalized rules.

**5070.111** If a Trustee believes order is not being maintained or procedures are not adequate, then he/she should raise a point of order to the President and this point of order does not require a second. **5070.40 Secondary Motions.** Ordinarily, only one motion can be considered at a time and a motion must be disposed of before any other motions or business are considered. There are a few exceptions to this general rule, where a secondary motion concerning the main motion may be made and considered before voting on the main motion.

**5070.41 Motion to Amend.** A main motion may be amended before it is voted on, either by the consent of the Trustees who moved and seconded, or by a new motion and second.

**5070.44 Motion to Refer to Committee.** A main motion may be referred to a Board Committee for further study and recommendation by a motion to refer to committee, which is then seconded and approved by a majority vote of the Board.

**5070.45 Motion to Close Debate and Vote Immediately.** As provided above, any Trustee may move to close debate, which is then seconded and immediately vote on a main motion.

## **POLICIES AND PROCEDURES**

**TITLE:** Fixed Asset Accounting Control

**NUMBER:** 6020

**6020.10** The goal of a fixed asset inventory system and this policy is to provide control and accountability over fixed assets. Fixed assets are tangible assets of significant value with a life span of over one year. An improvement is a replacement of a component part of a fixed asset by an improved or superior part, an addition of new parts, or an alteration or a structural change to a fixed asset, which results in a functional improvement over its original state that materially adds to the value of the asset or appreciably extends its life.

**6020.11** The General Fixed Assets are audited every fiscal year according to additions, retirements, and accumulated depreciation. The General Fixed Assets are directed by the Government Accounting Office into separate Fixed Asset Criterion Categories.

**6020.20 Fixed Asset Criterion Categories.** Fixed assets are valued at cost, including all ancillary charges necessary to place the asset in its intended location and condition for use. The Fixed Asset Criterion Categories are outlined with appropriate ancillary costs:

**6020.21 Land.** Purchase land price and the following ancillary costs.

**6020.211** Legal and Title Fees

**6020.212** Professional fees of engineers, surveyors, appraisers, etc

**6020.22 Building.** New building construction and the following ancillary costs.

**6020.221** Professional fees of engineers, surveyors, attorneys, appraisers, financial advisors, architects, etc.

**6020.222** Fixtures permanently attached to a building or structure during the initial construction phase and included in the original total cost.

**6020.223** Administrative costs including permits, encroachment access costs, septic scoping costs, and other miscellaneous costs association with construction.

---

**6020.23 Building Structure & Improvement.** All material goods and equipment permanently attached to building structures used for upgrading or improving the current structure, or an integral part of, the building structure (i.e. heating and air conditioning equipment, and water heaters) and would include the following ancillary costs. Does not include general routine maintenance (i.e., painting, fluorescent bulbs, slurry sealing, cleaning, or servicing).

**6020.231** Professional fees of engineers, architects and contractors.

**6020.24 Equipment.** Separated into four sub-Fixed Asset Criterion Categories.

**6020.241 Vehicular Equipment.** Vehicular equipment includes all heavy and light duty trucks, passenger cars and vans, sport utility vehicles, boats with trailers, hovercraft with trailer, all terrain vehicles with trailers, and forklifts, etc. Vehicular Equipment does not include vehicle maintenance, repairs, or upgrading components on the vehicles.

**6020.242 Administrative Equipment.** Administrative equipment includes all office equipment including; computer equipment and software, appliances, graphic art equipment, cameras, projectors, and fire proof cabinets, etc. Administrative equipment does not include office equipment repairs or maintenance.

**6020.243 Operational Equipment.** Operational equipment includes all pesticide dispersal equipment, shop power tools, chain saws, power washers, and automotive shop equipment, etc. Operational equipment does not include equipment repairs or maintenance.

**6020.244 Laboratory Equipment.** Laboratory equipment includes all microscopes, insect storage cabinets, and scientific equipment, etc. Laboratory equipment does not include glassware, cages, dissecting equipment, etc.

**6020.25 Furniture and Fixtures.** Furniture and fixtures includes all office furniture and fixtures (i.e. blinds, bulletin boards, chairs, and tables) and including the following ancillary costs.

**6020.251** Installation and extended warranty costs

**6020.30 Cost Threshold.** The policy is to capitalize and inventory all assets with cost thresholds as follows:

**6020.31 Land.** Valued over \$40,000

**6020.32 Building.** Valued over \$40,000

**6020.33 Building Structures and Improvements.** Valued over \$5,000

**6020.34 Equipment.**

**6020.341**      **Vehicular Equipment.** Valued over \$5,000

**6020.342**      **Administrative Equipment.** Valued over \$5,000

**6020.343**      **Operational Equipment.** Valued over \$5,000

**6020.344**      **Laboratory Equipment.** Valued over \$5,000

**6020.35**      **Furniture and Fixtures.** Valued over \$5,000

**6020.40**      **Fixed Asset Inventory Placement.** An original invoice is submitted to the Finance Department for payment. All purchases that meet the Fixed Asset Criterion and Cost Thresholds are distinguished as fixed assets and the Finance Department applies the purchase into the General Fixed Asset software program.

**6020.50**      **Fixed Asset Identification Labels.** Marking all inventoried fixed assets identifies that the item belongs to the District. It facilitates accounting for the asset and aids in its identification if lost or stolen. Marked items also discourage theft. The following procedures are outlined for label application.

**6020.51**      The item is entered into the General Fixed Asset software for documentation and depreciation. The information entered includes purchase cost, date of purchase, expected lifespan, vendor and any other appropriate identifying information. Items are assigned a unique fixed asset number, which corresponds to the permanent, identification label placed upon the asset.

**6020.52**      The placement of the label is dependent on the size and shape of the item but it must be located on the principal body of the asset rather than a removable part. A corresponding numerical label is also affixed to the original purchase documentation for the file. The numerical label will contain the wording "Property of San Mateo County Mosquito Abatement District" and FA-####.

**6020.53**      Occasionally, it will be impractical or impossible to mark some inventoried fixed assets according to these standards. For example, do not tag if the fixed asset is not susceptible to theft (i.e. land and buildings).

**6020.54**      Small and attractive assets can be tagged and input into the asset management system along with other assets but must be coded in a manner that allows them to be sorted for reporting purposes. Examples of these items can include: cameras, audio video equipment and specialized hand tools.

**6020.55** Responsibility for controlling the fixed asset control numbers rests with the Finance Department. The Finance Department will ensure that adequate controls for safeguarding unused, mutilated, and voided fixed asset inventory tags are established. An inventory listing of all fixed assets is maintained by the Finance Department. An audit of fixed assets is conducted annually.

**6020.56** The fixed asset record book is a secured permanent record managed by the finance department. It is audited annually.

#### **6020.60 Removing Fixed Assets from Inventory**

**6020.61** The policies and procedures for the removal of fixed assets from inventory shall comply with District Policy # 6050 Disposal of Surplus Property.

**6020.62** Fixed assets may be retired and removed from inventory for the following reasons:

- Item was sold
- Item was donated to another District or third party.
- Item is no longer functioning
- Item can no longer be repaired
- Item has expended its useful life or has become obsolete
- Item was lost or stolen

**6020.63** Fixed assets are retired when written notice has been submitted for review to the District Finance Director by another District Director that one of the above reasons has been met for a particular asset. A Fixed Asset Retirement form (Appendices 6020-1) shall prepared with information pertaining to the fixed asset number, original purchase date, amount of original purchase and any current value. A disposal date and reason for disposal is recorded in the Fixed Asset software program, which shall list the item as disposed. Any original purchase documents located in the fixed asset file are pulled and attached to the form. Once the fixed asset retirement form has been completed, it is signed by the District Finance Director and presented to the District Manager for review and approval.

**6020.64** A copy of the fixed asset retirement form is provided to the Board of Trustees for review and included on the Board meeting agenda for approval within the Consent Calendar for the next regular Board meeting. Once approved by the Board of Trustees, the Board President and the District Manager signs and dates the form. The original form is then

filed in the Fixed Asset book for that fiscal year. An audit of fixed asset retirements is conducted annually

**6020.70 Depreciation.** All fixed assets are depreciated monthly and reconciled at fiscal year-end. Depreciation normally begins when an asset is purchased or placed in service. The fixed asset software program will calculate the proper amount of depreciation. Depreciation will be taken by the straight-line method. In the straight-line method, the cost of the asset (less any salvage value) is pro-rated over the estimated useful life of the asset.

**6020.80 Fixed Asset Inventory.** The Finance Department will conduct a physical inventory each fiscal year in December for all fixed assets.

**6020.90 Fixed Asset Audit.** The independent auditors report completed each fiscal year includes a review of the basic financial statements for the Fixed Assets. In addition, the auditor includes a review of our internal controls over financial reporting and on compliance of our fixed asset accounting and inventory process.

**6030.20** A Purchase Authorization Form shall be required for transactions exceeding \$5,000 and shall include purchase justification, budgeted account code, the original receipt or invoice, and appropriate signatures. This policy also applies to purchases involving credit card usage.

**6030.25** Purchase of goods and/or services by any person not authorized pursuant to this policy shall not be binding upon the District or constitute a lawful charge against any District funds.

Awarded bids will be retained a part of the District's official record.

**6030.332** The District Manager shall first review all bids received to determine if they are responsive to the bid request. The Manager is authorized to waive minor irregularities, defects, or

informalities in the bids, provided the waiver would not affect the amount of the bid or give a competitive advantage upon the bidder over the others.

**6030.333** The District Manager may inspect and test bid products for quality and suitability, as well as assess a bidder's character and reputation to ascertain capability. These evaluations will guide the Manager's recommendation of the lowest responsible, responsive bidder.

**6030.344** When another governmental agency (federal or California state or local agency) has engaged in a competitive bidding process and awarded a bid to a particular vendor for certain goods and/or non-specialized services per applicable state law, and the Purchasing Agent recommends approval of a contract with the same vendor at the same unit price ("piggyback contract"). The Board must make a specific finding that approval of the piggyback contract is in the best interest of the District; and/or

**6030.345** When the public interest may otherwise require that bidding be dispensed with provided that the facts constituting the basis for the exception shall be documented by the Board or District Manager, as appropriate, and retained as part of the District's official records for at least two years.

When a receipt is not obtainable, the District Manager or Finance Administrator shall approve the requested reimbursement prior to remuneration.

## **POLICIES AND PROCEDURES**

**TITLE:** District Insurance Program

**NUMBER:** 6060

**6060.10** The District approved the Vector Control Joint Powers Agency (VCJPA) Exercise of Powers Agreement, dated July 1, 1979, as amended on May 5, 1994.

**6060.20** Bickmore is the administrator of the District coverage programs under a contract between VCJPA and Bickmore. Coverage programs include general, auto, and employment practices liability; workers' compensation; property; business travel accident; and auto physical damage.

**6060.30** The Pooled Liability Program offers general and auto liability coverage up to \$1 million. The District's retained limit is \$10,000. The amount from the District's retained limit to \$1 million is pooled within the VCJPA (primary layer). The amount in excess of \$1 million through \$14 million is pooled with other joint powers authorities through the California Affiliated Risk Management Authorities (CARMA) (excess layer). Within this program, are a Mid-Layer pool and an Aggregate pool in the primary layer, and a Mid-Layer pool in the excess layer.

**6060.31** The purpose for the Mid-Layer Pool in the primary layer is to reduce the effect of severe claims from impacting the primary pool of the Pooled Liability Program. The Mid-Layer Pool pays for the layer of coverage on each claim that falls between \$200,000 and \$1 million. This is a mandatory feature of the Pooled Liability Program.

**6060.32** The Aggregate Pool provides a limit to the amount of retrospective adjustment charges that can be applied to any one district. The Aggregate Pool is a separate, mandatory feature of the Pooled Liability Program.

**6060.33** The Pooled Liability Program also provides employment practices liability coverage to the District of \$25,000 inclusive of the District's \$10,000.00 retained limit. Coverage above \$25,000 is provided by another joint powers authority, the Employment Risk Management Authority (ERMA). ERMA's limit of coverage is \$2 million per claim per member, \$2 million aggregate per member, with a \$10 million policy aggregate. ERMA also provides live and web-based employment practices liability training workshops, one hour per month of legal advice regarding day-to-day employment matters, and an employee reporting line.

---

**6060.40** The Pooled Workers Compensation Program offers workers' compensation coverage up to statutory limits. The District's retained limit is \$25,000. The amount from our retained limit to \$500,000 is pooled within the VCJPA's primary layer. Coverage for claims above \$500,000 is pooled with other public entities through the Local Agency Workers' Compensation Excess Joint Powers Authority (LAWCX). From \$5 million to statutory limits, LAWCX purchases excess coverage for its members through the California State Association of Counties Excess Insurance Authority (CSAC-EIA). Within this program's primary layer, are a Mid-Layer pool and an Aggregate pool.

**6060.41** The purpose for the Mid-Layer Pool is to reduce the effect of severe claims from impacting the primary pool of the Pooled Workers' Compensation Program. The Mid-Layer Pool pays for the layer of coverage on each claim that falls between \$250,000 and \$500,000. This is a mandatory feature of the Pooled Workers' Compensation Program.

**6060.42** The Aggregate Pool provides a limit to the amount of retrospective adjustment charges that can be applied to any one district. The Aggregate Pool is a separate, mandatory feature of the Pooled Workers' Compensation Program. This is a non-equity pool.

**6060.50** The Pooled Auto Physical Damage Program was established to provide districts with protection against physical damage to their automobiles and watercraft. Districts also have the option to purchase hull coverage for unmanned aerial vehicles (aka drones) through the Auto Physical Damage Program. Districts must participate in the Auto Physical Damage Program.

**6060.51** The Auto Physical Damage Program covers the District's vehicles up to a maximum of \$35,000 per vehicle, unless otherwise declared. The current deductible is \$1,000 per occurrence.

**6060.52** Claims for the Auto Physical Damage Program are handled by Bickmore . Claims must be submitted to Bickmore with the VCJPA claim form accompanied by two estimates (unless the first estimate received states that it is a complete loss) for the cost of repairing the automobile.

**6060.60** The VCJPA purchases property and boiler/machinery coverage through the Alliant Property Insurance Program (APIP).

**6060.61** In addition to purchasing property coverage, the VCJPA has pre-funded a non-equity pool to cover the layer from \$500 to the APIP deductible of \$5,000. Because of this, the district's portion for any one loss is only \$500.

**6060.70** The District is a member of the VCJPA Business Travel Accident Program. The limits of coverage are \$150,000 for life and accidental death and dismemberment for business travel with an aggregate limit of \$750,000 per accident.

**6060.80** The District is a member of the Alliant Crime Insurance Program (ACIP) through the VCJPA. The limits of coverage are \$1,000,000 each loss with a \$25,000 deductible per loss. The insurance policy includes coverage for faithful performance of duty.

**6060.90** The District has coverage through the VCJPA under the Alliant Deadly Weapon Response Program (ADWRP). This coverage provides for third party liability, business interruption, crisis management, funeral expenses, counseling services, and first party property damage including demolition/clearance and memorialization when an event occurs on district property where a weapon has been used or brandished. The deductible is \$10,000 with a limit of \$500,000 per claim with a \$2,500,000 aggregate shared amongst the VCJPA members. Some sublimits also apply.

**Issued: September 11, 2002**

**Review by VCJPA October 5, 2018**  
**Review by Policy Committee November 14, 2018**  
**Board Approval November 14, 2018**

## **POLICIES AND PROCEDURES**

**TITLE:** District Reserve Fund and Working Capital Policy

**NUMBER:** 6120

### **OVERVIEW**

The District recognizes the importance of adopting policies for the management of its financial reserves. Formalizing written financial policies for designation of reserve funds is a critical element of sound fiscal management and a cornerstone of long-term financial planning.

This policy provides for the prudent accumulation and management of reserve funds to facilitate the attainment of long term program and financial goals. This Reserve Fund Policy was developed to identify how each of the reserve categories will be managed and that are consistent with the District's mission statement and philosophy of the Board of Trustees.

### **OBJECTIVES**

- To assure continued operation and solvency of the District, allowing it to carry out its stated mission.
- To maintain and enhance the sound fiscal condition of the District, maintain its ability to obtain credit and maintain a high bond rating.
- To maintain sufficient financial flexibility to be able to adapt to change, and to permit an orderly adjustment to unanticipated events.
- To maintain a diversified and stable long-term financial plan.
- To accumulate and maintain an amount equal to the stated target fund level for each specific reserve fund created by the District.
- To provide for periodic review of financial reserve funds to make appropriate changes, additions and/or deletions.
- To clearly define how financial reserves will be accumulated and put to use.

### **RESERVE FUND POLICY**

In order to achieve the objectives of this Policy, the Board of Trustees shall adhere to the following guidelines:

---

- ✓ Reserve funds may be established from time to time by the Board of Trustees as an important component of sound financial management to meet both short and long-term financial objectives, and to ensure prudent financial management practices.
- ✓ Reserve funds may be designated by the Board of Trustees as “restricted reserve funds” or “non-restricted reserve funds.”
- ✓ Restricted reserve funds shall be segregated, and limited in use to specific and designated purpose(s) as defined and established by the Board of Trustees. As of January 2011, under GASB Statement 54 under the Government Accounting Standards Board the restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. These constraints may be imposed by grantors, bondholders, or higher levels of government, through constitutional provisions, or by enabling legislation.
- ✓ “Nonrestricted” reserve funds may be classified as “Committed Reserve Funds” , “Assigned Reserve Funds” or ”Unassigned Reserve Funds” and thus shall have no reference to specific accounting assets. These funds do not require the physical segregation of funds, but maybe segregated if desirable.
- ✓ Committed Reserve Funds are subject to internal constraints. These constraints are imposed by the District itself, using its highest level of decision-making authority (i.e. Board of Trustees).
- ✓ Committed Reserve Funds cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint.
- ✓ Assigned Reserve Funds are those that the District intends to use for a specific purpose. This intent can be expressed by the Board of Trustees or by an official or body to which the Board of Trustees delegates the authority
- ✓ Unassigned fund balance includes all balances that have not been assigned to other funds and are not restricted, committed, or assigned to specific purposes.
- ✓ All investment earnings from restricted and non-restricted reserve funds shall be credited to the District General Fund, unless otherwise stated herein.
- ✓ The Board of Trustee approval shall be required prior to the expenditure of restricted and committed reserve funds.

- ✓ If the Board of Trustees finds that the funds in a committed reserve are no longer required for the purpose for which it was established, the Board of Trustees may, by a four-fifths vote of the total membership of the board of trustees, discontinue the committed reserve or transfer the funds that are no longer required from the committed reserve to the uncommitted balance in the District's general fund.

### **RESERVE FUNDS**

The Board of Trustees hereby establishes and designates the following reserve funds:

## SAN MATEO COUNTY MOSQUITO AND VECTOR CONTROL DISTRICT WORKING CAPITAL (GENERAL LIQUIDITY)

### **Fund Purpose:**

The Working Capital (General Liquidity) is necessary because the District receives the majority of its funding from the property taxes and benefit assessment collected by the County of San Mateo. These revenues are not transmitted to the District until January, six months into the fiscal year. Therefore, it is imperative that the District have an operating fund to fulfill its general operating costs. The Working General provides the District with funds to cover general operating costs from the beginning of the fiscal year on July 1 until the first receipt of tax revenue in January. The seasons for vector mosquitoes in San Mateo County extend throughout the year and the delay in receiving funding could inhibit the District's ability to provide services and protect public health. This liquidity will preserve credit worthiness, ensure adequate financial resources are available for timely payment of District obligations, and provide liquidity throughout the fiscal year.

### **Policy:**

In order to achieve the objectives of this policy the Board of Trustees shall adhere to the following guidelines:

1. The balance shall be known as the "Working Capital – General Liquidity."
2. This Working Capital /General Liquidity shall be designated as "unassigned fund balance".
3. The Working Capital/ General Liquidity may be invested in financial institutions and instruments which maintain the highest level of liquidity, such as checking, savings, and LAIF.
4. This policy shall be reviewed on an annual basis by the Finance Committee and the Board for long-term adequacy and use restrictions.

### **Target Fund Level:**

The target level for Working Capital (General Liquidity) is to maintain a minimum General Fund balance for operations equal to 60% of annual budgeted expenditures, as of July 1<sup>st</sup> of each fiscal year. This target fund level was established based upon the following general guidelines:

1. At the beginning of each fiscal year, the District shall have a balance in the Working General Fund equal to approximately sixty percent of budgeted expenditures for the fiscal year.
2. For the purpose of this policy, budgeted expenditures shall include all expenditures associated with the following:
  - a. Salaries and Employees Benefits
  - b. Services and Supplies

**Target Fund Level:**

The target level for the Public Health Emergency Fund shall be equal to a minimum of \$500,000 to a maximum of \$1,000,000 as of July 1 of each fiscal year unless otherwise directed by the Board of Trustees at a public meeting.

## **POLICIES AND PROCEDURES**

**TITLE:** National Pollution Discharge Elimination System

**NUMBER:** 8020

8020.10 The District within the jurisdiction of the San Francisco Bay Region (2) Water Quality Control Board, are seeking coverage under the General Permit as "public entities" that apply aquatic pesticides for vector control in waters of the United States.

8020.20 The State Water Resource Control Board has provisioned policy for implementation of toxic standards for inland surface waters, enclosed bays, and estuaries of California. The District is allowed categorical exemptions from meeting priority pollutant objectives for public health pest management.

8020.30 For compliance with General Permit No. CAG990003-NPDES, the District submitted for approval a Regional Monitoring Plan. The Regional Monitoring Plan included a Statement of Best Management Practices and Proposed Monitoring Plan for Application of Aquatic Pesticides to Waters of the U.S. Seven Coastal Districts are included in the Regional Monitoring Plan.

8020.40 Approval was received from the State Water Resources Control Board (SWRCB) on May 30, 2002 and California Regional Water Quality Control Board (CRWQCB) on June 27, 2002. The Regional Board had no comments to the Plan.

8020.50 CRWQCB was informed by the District that aquatic pesticides are applied specifically to protect health and does so under strict regulation by the State Department of Health Services. In addition, there is no indication in any available federal, state, or local document that pesticide applications by other MAD's/VCD's in the region *degrade* water quality, violate water discharge requirements, violate Water Quality Objectives, violate Water Quality Control Plans or significantly impair any beneficial uses of water in California.

8020.60 The District believes that the intentional application of public health pesticides does not constitute the discharge of "pollutants" under the spirit or the letter of the Clean Water Act and that the 9th Circuit Court's Opinion in the Talent case has been too broadly interpreted by the SWRCB on this issue. Therefore, the District reserves the right to

---

rescind this Notice of Intent if and when the SWRCB's interpretation is changed through guidance or rulemaking by the USEPA or the legislature.
